## City of Surprise HMO Benefit Plan

Your employer sponsors a self-funded Employee Health Care Plan (“the Plan”) to provide its employees with health care coverage. The Plan is established by your employer and is maintained pursuant to a written document called a Plan Document.

Your employer has contracted with Blue Cross Blue Shield of Arizona (“BCBSAZ”) to provide certain administrative claims processing and utilization management services for this HMO benefit plan. Benefits under the Plan are paid from the general assets of the Plan Sponsor\*.

BCBSAZ, an independent licensee of the Blue Cross and Blue Shield Association, provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

BCBSAZ may also have a contract with your employer to provide stop-loss insurance to the Plan. The stop-loss insurance may be "aggregate" stop-loss, which reimburses the Plan whenever claims on all employees exceed a specified level in a Plan year, "specific" stop-loss, which reimburses the Plan whenever claims on any covered person exceeds a specified level; or a combination of both.

BCBSAZ is an independent contractor and shall not for any purpose be deemed an agent of your employer or the employer's Plan Administrator\*, nor shall BCBSAZ and your employer be deemed partners, joint venturers or governed by any legal relationship other than that of independent contractor. In this book, BCBSAZ refers to the administrative services agreement and/or stop loss insurance agreement with your employer as a group master contract.

This benefit book describes the benefits for employees and their dependents that are eligible for and have elected coverage, under the HMO benefit plan. BCBSAZ may distribute a similar benefit book for insured employer groups and self-funded employer groups. This book by itself is not your employer's Summary Plan Description or a Plan Document. Your employer is responsible for providing those documents to you.

For those services (such as emergency care) that are covered when you travel outside of Arizona, this HMO benefit plan gives you access to a network of providers that have agreed to negotiated discounts with BCBSAZ or a local Blue Cross and/or Blue Shield plan.

**Please note:** Not all services are covered. As this is a self-funded employer health care plan, benefits provided in this HMO plan may not include all benefits required for those health care plans which are not self-funded. Read this benefit book carefully to understand the benefits and limitations of the HMO benefit plan.

\*Plan Sponsor and Plan Administrator are terms defined under the Employee Retirement Income Security Act (ERISA). These parties are often your employer, but may be another entity, e.g., a trust or association sponsoring your Plan. Your Plan Document or Summary Plan Description names these parties for you.

## DEFINITIONS

**“Allowed amount”** means the total amount of reimbursement allocated to a covered service and includes both the BCBSAZ payment and the member cost-share payment.

BCBSAZ calculates deductible and coinsurance based on the allowed amount, less any access fees. BCBSAZ uses the allowed amount to accumulate toward any out-of-pocket maximum that applies to the member’s benefit plan. The allowed amount is neither tied to, nor necessarily reflective of, the amounts providers in any given area usually charge for their services.

**If the allowed amount is based on a Fee Schedule, a change to the Fee Schedule may result in higher member cost-share.**

The table below shows how BCBSAZ determines the allowed amount.

Type of Provider	Type of Claim	Basis for Allowed Amount
Providers contracted with BCBSAZ as network providers	Emergency and Non-emergency	Generally, the lesser of the provider’s billed charges or the applicable fee schedule, with adjustments for any negotiated contractual arrangements and certain claim editing procedures
Providers contracted with a vendor	Emergency and non-emergency	Generally, the lesser of the provider’s billed charges or the vendor’s fee schedule, with adjustments for any negotiated contractual arrangements
Providers contracted with another Blue Cross or Blue Shield Plan (“Host Blue”)	Emergency and non-emergency	Lesser of the provider’s billed charges or the price the Host Blue plan has negotiated with the provider
Noncontracted providers (in Arizona and out-of-state, including providers contracted with BCBSAZ as PPO providers but not as network providers)	Emergency	Billed charges

**"BCBSAZ" or "We"** means Blue Cross Blue Shield of Arizona, when acting as the issuer of insurance coverage or as the administrator of a group benefit plan. Within this benefit book, “BCBSAZ” or “We” may also include contracted vendors, when a contracted vendor is performing functions on behalf of BCBSAZ.

**Blue Cross® Blue Shield® of Arizona** is an independent licensee of the Blue Cross and Blue Shield Association.

BCBSAZ is a nonprofit corporation organized under the laws of the State of Arizona as a hospital, medical, dental and optometric services corporation and is authorized to operate a health care services organization as a line of business.

**“Bariatric surgery”** means a surgical procedure to promote weight loss for the treatment of morbid obesity. Bariatric surgery also includes any revisions to a bariatric surgical procedure.

**“Benefit book”** means this document, which may also be referred to as benefit booklet or benefit plan booklet.

**"Benefit plan" or “plan”** means the document describing the benefits and terms of coverage that the sponsor of a group health plan provides to its group members and their Dependents. Your BCBSAZ plan includes this book and any SBC, your application for coverage, your ID card, any plan that is issued to replace this plan and any rider, amendment or modification to this plan, including but not limited to, any changes in deductible, coinsurance or copay amounts. **Changing deductible options within a product does not constitute a new plan.**

Many group health insurance plans (other than government plans, church plans, and certain other types of plans) must comply with the federal Employee Retirement Income Security Act of 1974 (ERISA). If your group health insurance plan is subject to ERISA, your plan sponsor must maintain a summary plan description and provide the summary plan description to you upon written request. While your plan sponsor may include this benefit book as part of its summary plan description, this benefit book is not a summary plan description.

**“Billed charges”** means:

- For a provider that has a participation agreement governing the amount of reimbursement, the amount the provider routinely charges for a service;
- For a provider that has no participation agreement governing the amount of reimbursement, the lowest amount that the provider is willing to accept as payment for a service.

**“Chiropractic Benefits Administrator (CBA)”** means American Specialty Health Networks, Inc., the independent company that administers chiropractic benefits for BCBSAZ. The CBA develops and manages the BCBSAZ network of chiropractic providers, processes chiropractic claims, determines medical necessity and handles utilization management, grievances and appeals related to chiropractic services.

**“Contractholder”** means the person to whom the benefit plan is issued. Any other person approved for coverage with the Contractholder under this plan is a Dependent. Under group coverage, the Contractholder is the member who is eligible for coverage because of his or her affiliation with a Group.

**“Cosmetic”** means surgery, procedures or treatment and other services performed primarily to enhance or improve appearance, including but not limited to, those surgeries, procedures, treatments and other services performed in the absence of a functional impairment of a body part or organ as documented in the medical record, even if such services will improve emotional, psychological or mental condition or function.

**“Cost-share”** means the member’s financial obligation for a covered service. Depending on the plan type, cost-share may include one or more of the following: deductible, copay, and coinsurance.

**“Custodial care”** means health services and other related services that meet any one or more of the following criteria:

1. Are for comfort or convenience;
2. Do not seek to cure;
3. Are provided to support or assist with activities of daily living, including, for example, personal hygiene, nutrition or other self-care; **or**
4. Are provided when acute care is not required or do not require continued administration by licensed skilled medical personnel, such as an L.P.N., R.N. or licensed therapist.

**“Diagnosis Related Grouping” or “DRG”** means a method for reimbursing hospitals for inpatient services. A DRG amount can be higher or lower than the actual billed charge because it is based on an average for that grouping of diagnoses and procedures.

**“Emergency Medical Condition”** means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect that failing to get immediate medical attention would result in serious jeopardy to the patient’s life, health or ability to completely recover, serious impairment to a bodily function or part, or permanent disability.

**“FDA”** means the federal Food and Drug Administration.

**“FDA-approved”** means that a medication or device has been approved by the FDA.

**“Fee Schedules”** mean proprietary schedules of provider fees compiled by BCBSAZ or BCBSAZ’s contracted vendors. BCBSAZ or BCBSAZ’s contracted vendors develop proprietary schedules of fees based on annual reviews of information from numerous sources, including, but not limited to: Medicare fee schedules from the Centers for Medicare and Medicaid Services (CMS), BCBSAZ’s or the contracted vendor’s historical claims experience, pricing information that may be available to BCBSAZ or the vendor, information and comments from providers and negotiated contractual arrangements with providers. **BCBSAZ and/or BCBSAZ’s contracted vendors may change their Fee Schedules at any time without prior notice to members. If the allowed amount is based on a Fee Schedule, a change to the Fee Schedule may result in higher member cost-share.**

**“Group”** means the employer, trust or other entity that sponsors the group benefit plan on behalf of its employees or participants.

**"Group Master Contract"** (sometimes referred to as “Agreement”) means the legal agreement between the Group and BCBSAZ.

**“Inpatient residential care”** means medical or mental-behavioral care provided in a 24-hour facility licensed by the state in which it is located, and not licensed as a hospital, that offers integrated therapeutic services, educational services and activities of daily living. These services are part of a well-defined, individually tailored, medical or mental-behavioral treatment plan that is clinically appropriate based upon the individual’s medical or mental-behavioral needs and is performed in a clinically appropriate facility.

**“Medical Coverage Guidelines”** means BCBSAZ medical, pharmaceutical, dental and administrative criteria that are developed from review of published, peer-reviewed medical, pharmaceutical and dental literature and other relevant information and used to help BCBSAZ determine whether a service, procedure, medical device or drug is eligible for benefits under a member's benefit plan. The Medical Coverage Guidelines also include prescription medication limitations. BCBSAZ periodically reviews and amends the Medical Coverage Guidelines in response to changes and advancements in medical knowledge and scientific study. Benefit determinations are based on the Medical Coverage Guidelines in effect at the time of service. You or your provider can review a specific guideline by going to the "Claims & Benefits" section on [www.azblue.com](http://www.azblue.com) and choosing "Health Benefits and Medical Coverage Guidelines." Specific Guidelines are also available by calling the number for requesting Medical Coverage Guidelines listed in the front of this book.

BCBSAZ contracted vendor(s) may establish medical coverage guidelines for services the vendor provides or administers pursuant to the vendor’s contract with BCBSAZ.

**"Member" or "You"** means an individual, employee, participant or Dependent covered under a benefit plan.

**“Per diem”** means a method of reimbursement based on a negotiated rate per day for payment of covered services provided to a patient in a facility.

**“Pharmacy Coverage Guidelines”** means pharmaceutical and administrative criteria that are developed from review of published peer-reviewed medical and pharmaceutical literature and other relevant information and are used to help determine whether a medication or other products such as medical devices or supplies are eligible for benefits under the “Pharmacy Benefit.” Pharmacy Coverage Guidelines are available by going to [www.azblue.com](http://www.azblue.com) under Prescription Medications and then Pharmacy Coverage Guidelines. Guidelines are also available by calling the number listed for the Pharmacy Benefit Customer Service listed in the front of this book.

**“Physician,”** for purposes of classifying benefits and member cost-shares in this benefit plan, means a properly licensed M.D., D.O., D.P.M., or D.C.

**“Primary Care Provider (PCP)”** means a health care professional who is contracted with BCBSAZ as a PCP and generally specializes in or focuses on the following practice areas: internal medicine, family practice, general practice, pediatrics or any other classification of provider approved as a PCP by BCBSAZ. Your benefit plan does not require you to have a PCP or to have a PCP authorize specialist referrals.

**“Provider”** means any properly licensed, certified or registered person or facility furnishing medical care to you, such as a doctor, hospital, laboratory or other health professional.

**“Respite Care”** is the provision of short-term, temporary relief of the daily routine and stress to provide those who are caring for family members a personal break from their role as caregiver.

**"Service"** means a generic term referencing some type of health care treatment, test, procedure, supply, medication, technology, device or equipment.

**“Specialist”** means either a physician or other health care professional who practices in a specific area other than those practiced by primary care providers, or a properly licensed, certified or registered individual health care provider whose practice is limited to rendering mental health services. For purposes of cost-share, this definition of “specialist” does not apply to dentists. BCBSAZ does not require you to obtain an authorization or referral to see a specialist.

**“Summary of Benefits and Coverage” (SBC)** means a federally required document in a specified template with information on applicable copays, coinsurance percentages, deductible amounts, other cost-sharing amounts, benefits, exclusions, limitations; and other important information. BCBSAZ generally sends SBCs with member ID cards. Please keep your current SBC with your benefit book.

## UNDERSTANDING THE BASICS

### ***Your Responsibilities***

Before you get services:

- Read your benefit materials.
- Know your coverage.
- Know the limits and exclusions on coverage.
- Know how much cost-share you will have to pay.
- Check your provider's network status and know whether your provider is a network provider with BCBSAZ.

After you get services:

- Read your explanations of benefits (EOBs) and monthly health statements.
- Tell BCBSAZ if you see any differences between the amounts on your claims documents and what you actually paid.

### ***BCBSAZ ID Card***

BCBSAZ will mail you an ID card with basic information about your coverage:

- Who is covered (Contractholder and Dependent names)
- Identification numbers
- Cost-share amounts
- Important phone numbers and addresses
- Bring your ID card with you each time you seek health care services.
- Have your ID card available for reference when you contact BCBSAZ for information.

### ***Coverage Changes***

Your benefits and coverage can change while this benefit plan is in effect. You will be notified of any changes as required by law. Some mandated benefits or other plan provisions may be required or unavailable based on the size of the employer group. At the time of renewal, if your Group changes size, it may result in loss of a benefit that is currently available, or inclusion of a benefit not currently available.

### ***Covered Services***

To be covered, a service must be all of the following:

- A benefit of this plan;
- Medically or dentally necessary as determined by BCBSAZ or BCBSAZ's contracted vendor(s);
- Not excluded;
- Not experimental or investigational as determined by BCBSAZ or BCBSAZ contracted vendor(s);
- Precertified where precertification is required;
- Provided while this benefit plan is in effect and while the person claiming benefits is eligible for benefits;
- **and**
- Rendered by a network provider acting within the provider's scope of practice, as determined by BCBSAZ (except a network provider is not required for emergencies and when BCBSAZ has preauthorized use of an out of network provider).

### ***Experimental or Investigational Services***

BCBSAZ, in its sole and absolute discretion, decides whether a service is experimental or investigational. A service is considered experimental or investigational unless it meets all of the following criteria:

- The service must have final approval from the appropriate governmental regulatory bodies if applicable;
- The scientific evidence must permit conclusions concerning the effect of the service on health outcomes;
- The service must improve the net health outcome;
- The service must be as beneficial as any established alternative; **and**
- The improvement resulting from the service must be attainable outside the investigational setting.

In addition to classifying a service as experimental or investigational using the above criteria, BCBSAZ or its contracted vendor may also classify the service as experimental or investigational if any one or more of the following apply:

- The service cannot be lawfully marketed or used without full (unrestricted) approval of appropriate governmental regulatory bodies and approval for marketing or use has not been given at the time the service is submitted for precertification or rendered;
- The provider rendering the service documents that the service is experimental or investigational; **or**
- Published reports and articles in authoritative (peer-reviewed) medical and scientific literature show that the prevailing opinion among experts is that further studies or clinical trials are necessary to determine maximum tolerated dose, toxicity, safety, appropriate selection, efficacy or efficacy as compared with the standard treatment for the diagnosis.

### ***Medically Necessary***

BCBSAZ, or BCBSAZ's contracted vendor, in its sole and absolute discretion, decides whether a service is medically necessary based on the following definition:

A medically necessary service is a service that meets all of the following requirements:

- Is consistent with the diagnosis or treatment of a symptom, illness, disease or injury;
- Is not primarily for the convenience of a member or a provider;
- Is the most appropriate site, supply or service level that can safely be provided; **and**
- Meets BCBSAZ's medical necessity guidelines and criteria in effect when the service is precertified or rendered. If no such guidelines or criteria are available, BCBSAZ or its contracted vendor will base its decision on the judgment and expertise of a medical professional or medical consultant retained by BCBSAZ or the vendor.

### ***Medical Necessity Guidelines and Criteria***

BCBSAZ uses some of the sources and criteria listed below to make medical necessity decisions, but does not rely on each source for every decision. Information on how to obtain a copy of the Medical Coverage Guidelines is in the Customer Service section at the front of this book.

- Medical Coverage Guidelines (local medical policy)
- InterQual® Clinical Decision Support Criteria
- Medical Policy Reference Manual (MPRM) of the Blue Cross Blue Shield Association
- Medicare Guidelines
- Pharmacy Coverage Guidelines
- Technology Evaluation Center (TEC) of the Blue Cross Blue Shield Association

Decisions about medical necessity may differ from your provider's opinion. A provider may prescribe, order, recommend or approve a service that BCBSAZ decides is not medically necessary and therefore is not a covered benefit. You and your provider should decide whether to proceed with a service that is not covered. Also, not all medically necessary services are covered benefits under this plan. All benefit plans have exclusions and limitations on what is covered. A service may be medically necessary and still excluded from coverage.

BCBSAZ contracts with vendors to administer some or all of the benefits covered under this plan. These contracted vendors make medical necessity determinations based on their own medical necessity criteria, which are also available to you on request.

# PROVIDERS

## **Network Providers**

### BCBSAZ Network

BCBSAZ has a network of health care providers who have an HMO contract with BCBSAZ or with a vendor that has contracted with BCBSAZ to provide or administer services for BCBSAZ HMO members (network providers). However, the fact that a service is rendered by a network provider does not guarantee that the service will be covered. Except for emergencies, eosinophilic gastrointestinal disorder (EGID) and Medical Foods formulas, services are covered only if rendered by network providers. Also, to be eligible for coverage, a service must be rendered by a provider acting within his or her scope of practice, and, when applicable, performed at a facility that is licensed or certified for the type of procedure and services rendered.

Scope of practice is determined by the regulatory oversight agency for each health profession. It means the procedures, actions, and processes that a licensed or certified medical professional is legally allowed to perform based on the individual's specific education and experience, and demonstrated competency. For example, neurosurgery would not be within the scope of practice for a dentist.

The BCBSAZ provider directory is available online at [www.azblue.com](http://www.azblue.com). If you do not have Internet access, please call BCBSAZ Customer Service before you receive services if you have any questions about a provider's network participation with BCBSAZ.

### Network Availability Outside Arizona

You also have coverage outside Arizona for urgent care and authorized follow-up care received from BlueCard network providers. Urgent care and authorized follow-up care are covered outside Arizona only when provided by BlueCard network providers. Emergency services and EGID and Medical Foods formulas are covered when provided by BlueCard network providers and by non-contracted providers.

Network providers will file your claims with BCBSAZ or the Host Blue plan with which they are contracted. In most cases the provider's contract doesn't allow the provider to charge you more than the allowed amount for covered services. However, when there is another source of payment, such as liability insurance, all providers may be entitled to collect their balance bill from the other source, or from proceeds received from the other source. Their contracts do allow them to charge you up to billed charges for noncovered services. We recommend that you discuss costs with your provider before you obtain noncovered services.

BCBSAZ directly reimburses network providers for BCBSAZ's portion of the allowed amount of a claim. You will be responsible to pay your member cost-share directly to the provider.

## **Out-of-Network Providers**

You have coverage for services from out-of-network providers only for emergencies, EGID, and Medical Foods formulas. An out-of-network provider in or outside of Arizona is not required to file a claim for you. If the provider does not file your claim, send a copy of the itemized bill and a completed claim form to BCBSAZ. BCBSAZ generally does not send claim payments to out-of-network providers. Unless BCBSAZ agrees to pay the provider directly, BCBSAZ will send payment to you for whatever benefits are covered under your plan. You will be responsible for paying the out-of-network provider.

## **Differences in Financial Responsibility**

The following **example** shows how out-of-pocket expenses can differ depending on the provider you choose. This example is for demonstration purposes only. Here, the member has a \$500 copay when using a network provider and no benefits when using an out-of-network provider.

<b>Billed Charges</b>	<b>Allowed Amount</b>	<b>Financial Responsibility</b>	<b>Network Providers</b>	<b>Out-of-Network Providers</b>
\$5,000	\$3,500	The Plan pays	\$3,000	\$ 0
		You pay:	\$ 500 Copay	\$5,000

### **Locating a Network Provider**

Check the BCBSAZ provider directory to locate a network provider who offers the services you are seeking and contact the provider for an appointment.

If you cannot get an appointment with a network provider, you may either call BCBSAZ or ask a network provider with whom you have an existing treatment relationship for help in getting an appointment or locating another network provider.

### **Precertifications for Out-of-Network Providers**

BCBSAZ does not guarantee that every specialist or facility will be in the BCBSAZ HMO network. Not all providers will contract with health insurance plans. If you believe or have been told there is no network provider available to render covered services that you need, you may ask your treating provider to request precertification for services from an out-of-network provider. BCBSAZ will not issue this precertification if we find that a network provider is available to treat you. The section on precertification explains how to make this request.

### **Continuing Physician Care from an Out-of-Network Physician (M.D., D.O.)**

You may be able to receive benefits at the network level for services provided by an out-of-network Arizona physician, under the circumstances described below. Continuity of care benefits are subject to all other applicable provisions of your benefit plan.

Continuity of care only applies to otherwise covered services rendered by doctors of medicine and osteopathy who are located in Arizona. Continuity of care is not available for facility services. If the hospital or other facility at which your physician practices is not a network facility, you will not have coverage for facility services.

Information on requesting continuity of care is listed in the BCBSAZ Customer Service section at the front of this book.

## **Out-of-Area Services**

### **Overview**

BCBSAZ has a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates (“Licensees”). Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you obtain healthcare services outside of BCBSAZ’s service area, the claims for these services may be processed through one of these Inter-Plan Arrangements.

When you receive care outside of BCBSAZ’s service area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“nonparticipating providers”) don’t contract with the Host Blue. We explain below how BCBSAZ pays both kinds of providers.

BCBSAZ covers healthcare services received outside of our service area (“Out-of-Area Covered Healthcare Services”). Emergency services and EGID and Medical Foods formulas are covered when provided by providers contracted with a Host Blue and when provided by non-contracted providers. All other covered services must be obtained from providers contracted with a Host Blue.

### **Inter-Plan Arrangements Eligibility – Claim Types**

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits (except when paid as medical claims/benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by BCBSAZ to provide the specific service or services.

### **BlueCard® Program**

Under the BlueCard® Program, when you receive Out-of-Area Covered Healthcare Services within the geographic area served by a Host Blue, BCBSAZ will remain responsible for doing what we agreed to in the contract. However the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

The BlueCard Program enables you to obtain Out-of-Area Covered Healthcare Services, as defined above, from a healthcare provider participating with a Host Blue, where available. The participating provider will automatically file a claim for the Out-of-Area Covered Healthcare Services provided to you, so there are no claim forms for you to fill out. You will be responsible for your cost-share amount, as stated in your plan documents.

**Emergency Care Services:** If you experience an Emergency Medical Condition while traveling outside BCBSAZ’s service area, go to the nearest emergency or urgent care facility.

When you receive Out-of-Area Covered Healthcare Services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for the Out-of-Area Covered Healthcare Services, if not a flat dollar copayment, is calculated based on the lower of:

- The billed charges for your Out-of-Area Covered Healthcare Services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured and/or self-funded accounts. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

## **Nonparticipating Providers Outside BCBSAZ's Service Area**

### **1. Your Liability Calculation**

When Out-of-Area Covered Healthcare Services are provided outside of BCBSAZ by nonparticipating providers, the amount you pay for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

### **2. Exceptions**

In certain situations, BCBSAZ may use other payment methods, such as billed charges for Out-of-Area Covered Healthcare Services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount we will pay for services provided by nonparticipating providers.

### ***BlueCard Worldwide® Program***

If you are outside the United States, you may be able to take advantage of the BlueCard Worldwide® Program when accessing Covered Services. The BlueCard Worldwide Program is unlike the BlueCard Program available in the United States in certain ways. For instance, although the BlueCard Worldwide Program assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the United States, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the United States, you should call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, will arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the BlueCard Worldwide Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts. In such cases, the hospital will submit your claims to the BlueCard Worldwide Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must contact BCBSAZ to obtain precertification for non-emergency inpatient services.**

- **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the United States will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a BlueCard Worldwide Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a BlueCard Worldwide International claim form and send the claim form with the provider's itemized bill(s) to the BlueCard Worldwide Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from BCBSAZ, the BlueCard Worldwide Service Center or online at [www.bluecardworldwide.com](http://www.bluecardworldwide.com). If you need assistance with your claim submission, you should call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

### ***Services Received on Cruise Ships***

If you receive healthcare services while on a cruise ship, you will pay network cost-share, and the allowed amount will be based on billed charges. A cruise ship claim is not considered an out-of-country claim. Claims should be submitted and processed through BCBSAZ, not through the BlueCard Worldwide program. Please call the BCBSAZ Customer Service department at the phone number listed in the front of this book for more information, or mail copies of your receipts to the BCBSAZ general correspondence address listed at the front of this book.

# PRECERTIFICATION

## ***Precertification***

Precertification is the process BCBSAZ uses to determine eligibility for benefits.

## ***When Is Precertification Required and What Happens If You Don't Obtain It***

Not all services require precertification. **If it is required, your provider must obtain it on your behalf before rendering services.**

**BCBSAZ may change the services that require precertification at any time without providing notice. Go to [www.azblue.com](http://www.azblue.com) for a current listing of medications and services that require precertification or call the Customer Service number listed in the front of this book.**

**Except for medications that require precertification, if required precertification is not obtained, your network provider will be penalized. If precertification is not obtained for medications that require precertification, your benefits will be denied.**

## ***How to Obtain Precertification***

Ask your provider to contact BCBSAZ for precertification before you receive services. Your provider must contact BCBSAZ because he or she has the information and medical records we need to make a benefit determination. BCBSAZ will rely on information supplied by your provider. If that information is inaccurate or incomplete, it may affect the decision on your claim. You are responsible for checking with your provider to make sure that the provider has obtained any required precertification.

## ***Factors BCBSAZ Considers in Evaluating a Precertification Request for Services or Medications***

- Applicability of other benefit plan provisions (limitations, exclusions and benefit maximums);
- If the treating provider or location of service is a network provider;
- Whether the service is medically necessary or investigational; **and**
- Whether your coverage is active.

Some of these factors may not be readily identifiable at the time of precertification, but will still apply if discovered later in the claim process and could result in denial of your claim.

## ***Prescription Medication Exception***

If a covered medication requires precertification, but you must obtain the medication outside of BCBSAZ's precertification hours, you may have to pay the entire cost of the medication when it is dispensed. In such cases, you can file a reimbursement claim with BCBSAZ and have your provider request precertification on the next business day. Your claim for the medication will not be denied for lack of precertification, but all other exclusions and limitations of your plan will apply.

## ***Precertification of Network Cost-Share for Services from an Out-of-Network Provider***

If there is no network provider available to deliver covered services, your treating provider may contact BCBSAZ and ask BCBSAZ to precertify the network cost-share for services from an out-of-network provider. BCBSAZ will evaluate whether there is a network alternative. If BCBSAZ determines that a network provider is available to treat you, BCBSAZ will not precertify network cost-share for services from your out-of-network provider of choice.

## ***If BCBSAZ Precertifies Your Service***

- Precertification is not a pre-approval or a guarantee of payment. Precertification made in error by BCBSAZ is not a waiver of BCBSAZ's right to deny payment for noncovered services.
- You and your provider will receive a letter explaining the scope of the precertification.

### ***If BCBSAZ Denies Your Precertification Request***

Denial of precertification is an adverse benefit determination. As explained in the next section on Claims, BCBSAZ will send you a notice explaining the reason for the denial, and your right to appeal the BCBSAZ decision. Information on where to file an appeal is in the BCBSAZ Customer Service section at the front of this book.

If your request for precertification of a service is denied because BCBSAZ decides that the service is not medically necessary, remember that BCBSAZ's interpretation of medical necessity is a benefits determination made in accordance with the provisions of this plan. Your provider may recommend services or treatment not covered under this plan. You and your provider should decide whether to proceed with the service or procedure if BCBSAZ denies precertification.

## CLAIMS INFORMATION

### ***Filing Claims***

In most cases, network providers will file claims for you. Noncontracted providers may file your claims for you, but have no obligation to do so. Make sure you or your providers file all your claims so BCBSAZ can track your covered expenses and properly apply them toward applicable deductibles, coinsurance, out-of-pocket maximums and benefit maximums.

### ***Time Limit for Claim Filing***

A complete claim, as described below, must be filed within one year from the date of service. Any claim not filed within one year of the date of service may be denied.

### ***Claim Forms***

Claim forms are available from BCBSAZ. Go to the "Forms" section of the "Member" area of [www.azblue.com](http://www.azblue.com) or call the Supply Line telephone number listed at the front of this book.

### ***Complete Claims***

A complete claim includes, at a minimum, the following information:

- Billed charges
- Date of service(s)
- Diagnosis code
- Group number
- Member ID number
- Member name
- Name of provider
- Patient name
- Patient's birth date
- Procedure code
- Provider ID number
- Signature of provider who rendered services

BCBSAZ may reject claims that are filed without complete information needed for processing. If BCBSAZ rejects a submitted claim due to lack of information, BCBSAZ will notify you or the provider who submitted the claim. Lack of complete information may also delay processing.

### ***Medical and Dental Records and Other Information Needed to Process a Claim***

Even when the claim has all information listed above, BCBSAZ may need to request medical or dental records or coordination of benefits information to make a coverage determination. If BCBSAZ has requested medical records or other information from a third party, BCBSAZ will suspend claim processing while the request is pending. BCBSAZ may deny a claim for lack of timely receipt of requested records.

### ***Explanation of Benefits (EOB) Form***

After your claim is processed, BCBSAZ and/or any contracted vendors that process claims will send you an EOB. Your BCBSAZ EOBs also will be available through the member portal on [www.azblue.com](http://www.azblue.com). An EOB shows services billed, whether the services are covered or not covered, the allowed amount and the application of cost-sharing amounts. Carefully review your EOB for any discrepancies or inconsistencies with the amounts your provider actually collects from you or bills to you. BCBSAZ and/or any contracted vendors will also send your network provider the information that appears on your EOB. This information is not sent to out-of-network providers. Out-of-network providers do not receive any written information on how much was paid on a claim or the reasons for how the claim processed. Save the EOB for your personal records. BCBSAZ or any contracted vendor may charge a fee for duplication of claims records.

### ***Monthly Statement***

Some EOBs may be consolidated and sent to you in the form of a monthly statement rather than as single EOBs.

## ***Notice of Determination***

If your request for precertification is denied, or your claim is denied in whole or in part, you will receive a notice of adverse benefit determination. In most cases, your EOB or monthly statement will serve as the notice, and will:

- State the specific reason(s) for the adverse benefit decision (e.g., not covered because the provider is ineligible or because services are not covered under this benefit plan),
- Reference the specific plan provision on which the determination is based,
- Describe additional material or information, if any, needed to perfect the claim and the reasons such material or information is necessary,
- Describe applicable grievance/appeal procedures,
- Disclose any internal rule, guideline or protocol relied on in making the adverse determination (or state that such information is available free of charge upon request)
- If the denial is based on medical necessity or experimental treatment or similar limit, explain the scientific or clinical judgment for the determination (or state the information will be provided free of charge upon request).

## ***Pharmacy Prescriptions; Submission of Claims by Members***

When you submit a prescription to a retail, mail order or specialty pharmacy, the prescription is not considered to be a claim and will not result in an EOB. If you have any concerns about fulfillment of the prescription, you must submit a claim to BCBSAZ for the prescription. Send BCBSAZ a claim in the following circumstances:

- The pharmacy tells you that you are not eligible for coverage
- Coverage for the prescription was denied in whole or in part
- You feel that you paid the wrong copay or other cost-sharing amount for the prescription
- You were required to pay other amounts you feel you are not required to pay
- Other dispute or discrepancy regarding your prescription medication coverage

If the pharmacy tells you that you are not eligible for coverage and you are unable to purchase a temporary supply of medication that is needed immediately, please call the number on the back of your identification card.

## **Time Period for Claim Decisions:**

### ***Post-Service Claims***

Within thirty (30) days of receiving your claim for a service that was already rendered, BCBSAZ will send you an EOB adjudicating the claim, or a notice that BCBSAZ has requested records needed to make a decision on your claim.

If BCBSAZ cannot make a decision on your claim within thirty (30) days, BCBSAZ may extend the initial processing time by fifteen (15) days by notifying you, within the initial 30-day period, of the need for an extension, the expected decision date, and any additional information that may be needed for the decision. You or your provider will have at least forty-five (45) days to submit any requested information.

### ***Pre-Service Claims***

When you request coverage for a service that has not yet been rendered (precertification), BCBSAZ will make a precertification decision within a reasonable time period considering the medical circumstances, but not later than ten (10) business days from receipt of the precertification request.

If BCBSAZ requires more time to make a precertification decision, BCBSAZ may extend the time by an additional fifteen (15) days by notifying you, within the initial ten (10)-day period of need for an extension, the expected decision date, and any additional information needed for the decision. You and your provider will have at least forty-five (45) days to submit any requested information.

### ***Concurrent Care Decisions***

BCBSAZ may require that your provider submit a plan of care. Based on that plan, BCBSAZ may precertify a certain number of visits or services over a certain period of time. You may request precertification for additional periods of care as long as your request is made at least seventy-two (72) hours prior to the

expiration of an existing plan of care. BCBSAZ will make a determination as soon as possible in accordance with medical exigencies, but no later than seventy-two (72) hours after receipt of the request. If that precertification is denied, you may appeal that denial in the same way you appeal any other coverage denial.

### ***Urgent Claims***

Federal law defines an “urgent” medical situation as the following: (a) one in which application of the “non-urgent” time periods could seriously jeopardize the member’s life, health or ability to regain maximum function **or** (b) one which, in the opinion of a physician with knowledge of the member’s medical condition, would subject the member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

When you request coverage for an urgent care claim, a determination will be made as soon as possible in accordance with medical exigencies, but no later than seventy-two (72) hours after receipt of the request.

## GENERAL PROVISIONS

### ***Appeal and Grievance Process***

Members may participate in BCBSAZ's appeals and grievance processes, which are described in detail in the BCBSAZ Appeal and Grievance Guidelines, a separate document provided to you. You may obtain another copy of the BCBSAZ Appeal and Grievance Guidelines at any time by visiting us at [www.azblue.com](http://www.azblue.com) or by calling the BCBSAZ Supply Line telephone number listed in the front of this booklet.

You do not have to pay any fees or charges to file or pursue an appeal or grievance with BCBSAZ. To appeal a denial of precertification for urgently needed services you have not yet received, please call the BCBSAZ Precertification Denial Appeals telephone number listed in the front of this booklet.

### ***Billing Limitations and Exceptions***

When there is another source of payment such as a liability insurer, network providers may be entitled to collect any difference between the allowed amount and the provider's billed charges from the other source or from proceeds received from the other source, pursuant to A.R.S. § 33-931.

A.R.S. § 33-931 may give providers medical lien rights independent of this benefit plan or any contract with BCBSAZ. BCBSAZ is not a party to any collection dispute that may arise under the provisions of A.R.S. § 33-931.

### ***Blue Cross and Blue Shield Association***

You hereby expressly acknowledge and agree to the following:

- I. This benefit plan constitutes a contract between the Group and BCBSAZ, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the "Association"), permitting BCBSAZ to use the Blue Cross and/or Blue Shield service marks in the State of Arizona;
- II. BCBSAZ is not contracting as the agent of the Association;
- III. In accepting the benefits of this plan, you are not relying on any representations by the Association or any other Blue Cross or Blue Shield plan, other than BCBSAZ; **and**
- IV. You will not seek to hold the Association or any Blue Cross and Blue Shield plan other than BCBSAZ, accountable or liable for BCBSAZ's obligations herein.

### ***Broker Commissions***

BCBSAZ sells health and dental coverage products either directly or through independent licensed insurance brokers. Commission payments to brokers are one of the costs factored into premiums, but BCBSAZ's premium calculation is not based on whether a product is sold directly or by a broker. BCBSAZ generally pays a commission to the broker of record or legal assignee designated by the broker until the insurance contract is terminated, the Group terminates its relationship with the broker and notifies BCBSAZ or the broker becomes ineligible for receipt of commissions. Brokers are required under their agreement with BCBSAZ to provide information on commission rates with BCBSAZ.

### ***Claim Editing Procedures***

In order to process claims accurately, BCBSAZ uses a computer system to verify benefits, eligibility, claims accuracy and compliance with BCBSAZ coding guidelines and the Medical Coverage Guidelines. BCBSAZ uses claims coding and editing logic to process professional and outpatient facility claims. This system logic is designed to identify the following: procedure unbundling (billing multiple procedure codes to represent a procedure that can be described with a more comprehensive code), separate billing for included (incidental) services, procedures not usually performed together (mutually exclusive) procedures, duplicate procedures, application of Correct Coding Initiative (CCI) guidelines, member's age and sex edits, services inappropriately billed with office visit (evaluation and management) codes, modifier validation, pre and post-operative service validation, multiple surgical procedure pricing guidelines and other types of claim edits as determined by BCBSAZ. BCBSAZ periodically updates its computer system claim edits.

## ***Confidentiality and Release of Information***

BCBSAZ takes confidentiality very seriously. We have processes and systems to safeguard sensitive or confidential information and to release such information only in accordance with state and federal law. If you wish to authorize someone to have access to your information, you can download the Confidential Information Release Form (CIRF) from [www.azblue.com](http://www.azblue.com) or call BCBSAZ Customer Service and request a hard copy of the CIRF form.

## ***Court or Administrative Orders Concerning Dependent Children***

When a member is not the custodial parent of a child, but is required by a court or administrative order to provide health benefits to that child, BCBSAZ will provide benefit information to the custodial parent, permit the custodial parent to submit claims for the child and make payments directly to the custodial parent, provider or state agency as applicable.

## ***Access to Information Concerning Dependent Children***

BCBSAZ is not a party to domestic disputes. Parental disputes over Dependent coverage and information must be resolved between the parents of the Dependent child. Under Arizona law, both parents have equal rights of access to information about their children, unless there is a court order denying such access. Absent a copy of such order and subject to the confidentiality provisions described above, BCBSAZ provides equal parental access to information.

## ***Discretionary Authority***

BCBSAZ has discretionary authority to determine extent of coverage under the terms of this benefit plan.

## ***Provider Treatment Decisions and Disclaimer of Liability***

While rendering services to you, network providers are independent contractors and not employees, agents or representatives of BCBSAZ. Their contracts with BCBSAZ address reimbursement and administrative policies. Each provider exercises independent medical judgment in deciding what services to provide you, and how to provide them. BCBSAZ's role is limited to administration of the benefits under this benefit plan. Your provider may recommend services or treatment not covered under this benefit plan. You and your provider should decide whether to proceed with a service that is not covered.

BCBSAZ has no control over any diagnosis, treatment, care or other services rendered by any provider and disclaims any and all liability for any loss or injury to you caused by any provider by reason of the provider's negligence, failure to provide treatment or otherwise.

## ***Lawsuits against BCBSAZ***

BCBSAZ has an appeal process for resolving certain types of disputes with members. BCBSAZ encourages you to use the appeal process before filing a lawsuit, as issues can often be resolved when you give BCBSAZ more information through the appeal process.

Under Arizona's Health Care Insurer Liability Act, before suing BCBSAZ, a member must first either complete all available levels of the BCBSAZ appeal process or give BCBSAZ written notice of intent to sue at least thirty (30) days before filing the lawsuit. The written notice must set forth the basis for the lawsuit and must be sent by certified mail to the following address:

Failure to comply with these provisions may result in dismissal of the lawsuit.

A member must complete all applicable levels of appeal before bringing a lawsuit other than a suit filed pursuant to the Health Care Insurer Liability Act. Failure to complete the mandatory levels of the appeal process may result in dismissal of the lawsuit for failure to exhaust BCBSAZ's administrative remedies.

By providing this notice BCBSAZ does not waive, but expressly reserves all applicable defenses available under Arizona and federal law.

### ***Legal Action and Applicable Law***

This contract is governed by, construed and enforced in accordance with the laws of the state of Arizona, without regard to conflict of laws, principles, and applicable federal law.

This benefit book and the contract between BCBSAZ and the sponsor of your group health plan were issued in Arizona to a group headquartered in Arizona. The only state law governing the benefit book and the contract is the law of the state of Arizona. This benefit plan may not provide all benefits required by other state laws.

### Jurisdiction and Venue

Maricopa County, Arizona is the exclusive site of jurisdiction and venue for any legal action or other proceeding that arises out of or relates to the contract or this benefit plan.

### Lawsuits by BCBSAZ

Sometimes, BCBSAZ has an opportunity to join class action lawsuits, where third party payers (insurance companies) assert that an entity's conduct resulted in higher payments by the insurance company than otherwise would have been required. BCBSAZ reviews these cases and makes a good faith decision based on the unique facts of each case whether to join the case. BCBSAZ may also bring lawsuits against vendors or other entities to recover various economic damages. When BCBSAZ participates as a plaintiff and recovers damages, those funds are not returned to individual members, but are instead retained by BCBSAZ to reduce overall administrative costs. This paragraph is not intended to limit or waive any claims BCBSAZ may have against any person or entity.

### ***Non-Assignability of Benefits***

The benefits contained in this plan, and any right to reimbursement or payment arising out of such benefits, are not assignable or transferable, in whole or in part, in any manner or to any extent, to any person or entity. You shall not sell, assign, pledge, transfer or grant any interest in or to, these benefits or any right of reimbursement or payment arising out of these benefits, to any person or entity. Any such purported sale, assignment, pledge, transfer, or grant is not enforceable against BCBSAZ and imposes no duty or obligation on BCBSAZ. BCBSAZ will not honor any such purported sale, assignment, pledge, transfer or grant.

### ***Medicaid Reimbursement***

Member acknowledges that state Medicaid agencies, including the Arizona Health Care Cost Containment System ("AHCCCS"), (collectively referred to as "Medicaid Agencies") are considered payers of last resort for health care expenses of individuals who are Medicaid beneficiaries. Member further acknowledges that AHCCCS does, and other state Medicaid Agencies may, have a legal right to reimbursement of expenditures that the Medicaid Agencies have made on behalf of a member who was also a Medicaid Beneficiary, not to exceed the lesser of the member's benefits under this plan or the Medicaid Agencies' payment. Member acknowledges and agrees that BCBSAZ shall reimburse Medicaid Agencies or their designees, for the health claims of a member who was also a Medicaid Beneficiary on the date of service, to the extent required by law.

### ***Member Notices and Communications***

BCBSAZ sends notices and other communications to members by U.S. mail to the last address on file with BCBSAZ Membership Services. BCBSAZ may also elect to send some notices and communications electronically if the member has consented to electronic receipt. Notice is deemed complete when sent to the member's last address of record, as follows: (1) on delivery, if hand-delivered; (2) if mailed, on the earlier of the day actually received by the member or five days after deposit in the U.S. mail, postage prepaid; or (3) if transmitted electronically, on the earlier of the day of actual receipt or 24 hours after electronic transmission to the member's email address of record.

### ***Payments Made in Error***

If BCBSAZ erroneously makes a payment or over-payment to you or on your behalf, BCBSAZ may obtain reimbursement from you or the provider or BCBSAZ may offset the amount owed against a future claim

arising from any covered service. Payments made in error by BCBSAZ do not constitute a waiver concerning the claim(s) at issue or of any right of BCBSAZ to deny payment for noncovered services.

### ***Plan Amendment***

There is no guarantee of continued benefits as outlined in this plan. This plan may be amended and benefits may be added, deleted or changed upon notice to the Group and/or Contractholder and/or participant or as required to comply with state or federal laws. Some mandated benefits or other plan provisions may be required or unavailable based on the size of the employer group. At the time of renewal, if your Group changes size, it may result in loss of a benefit that is currently available, or inclusion of a benefit not currently available. Please review and retain this book, any replacement books, any SBCs, all riders and amendments and other communications concerning your coverage.

### ***Retroactive Changes***

BCBSAZ reserves the right to make certain retroactive amendments to this benefit plan, as may be permitted under applicable federal and state law. You will receive notice of any such amendments.

### ***Prescription Medication Rebates and Medication Level Assignments***

BCBSAZ enters into contracts with pharmaceutical manufacturers to receive rebate payments based on the volume and/or market share of pharmaceutical products utilized by BCBSAZ subscribers. These rebate contracts are subject to renegotiation and/or termination from time to time at BCBSAZ's sole discretion. BCBSAZ's rebate contracts with pharmaceutical manufacturers generally work as follows: BCBSAZ submits data regarding utilization of specific medication(s) to the pharmaceutical manufacturer. The pharmaceutical manufacturer compares the data to the utilization level and/or market share required by the applicable rebate contract. If the utilization and/or market share meets the requirements of the rebate contract, the manufacturer issues a rebate payment to BCBSAZ after receipt of the data. As utilization and/or market share increases, the amount of the rebate payable to BCBSAZ may increase.

Rebates may be paid on medications that are covered under the pharmacy benefits of this benefit plan. The BCBSAZ Pharmacy and Therapeutics (P&T) Committee decides which medications to place on which levels of the tiered pharmacy benefit. The P&T Committee is comprised of pharmacists, BCBSAZ employees and other members as needed. The community physician members of the P&T Committee are not informed of potential rebate contracts or rebate payments when deciding which medications to place on certain levels. Certain BCBSAZ employees are aware of the potential rebate contracts or rebate payments. The P&T Committee decisions are not binding and can be overridden by BCBSAZ.

The rebates BCBSAZ receives are not reimbursable to you. Your employer receives either: (a) a credit against administrative costs/fees or (b) the prescription medication rebate dollar amount attributable to your employer group.

Rebates received by BCBSAZ may result in the overall cost of a particular medication falling below the amount you pay for such medication pursuant to the coverage described in this benefit plan. Other discount programs offered by a pharmacy may result in members of the public paying a lower cost for some medications than you pay under this benefit plan.

### ***Provider Contractual Arrangements***

The BCBSAZ allowed amount reflects any contractual arrangements negotiated with a provider. Contractual arrangements vary based on many factors such as type and location of provider and other relevant information. For that reason, BCBSAZ network providers have varying compensation levels based on the provider's agreement to accept a certain reimbursement rate. This means that your network cost-share for a particular service can vary based on the network provider you choose because not all providers have the same negotiated reimbursement rate for the same service.

### ***Release of Records***

Subject to Arizona or federal law, the member agrees that BCBSAZ may obtain, from any provider, insurance company or third party, all records or information relating to the member's health, condition, treatment, prior health insurance claims or health benefit program. A failure to provide records needed to adjudicate a claim can result in denial of the claim.

## ***Rescission of Coverage***

In the event of fraud or intentional misrepresentation of material fact, coverage for any person ineligible to be on the benefit plan as described in the Group Master Contract will be rescinded, that is, as never having been in effect. Premiums paid for the coverage for the ineligible person will be refunded, minus any claims paid for that person. BCBSAZ is entitled to recover claim payments that exceed the amount of premium paid. Such rescission does not affect the coverage of those persons on the benefit plan who remain eligible for coverage.

BCBSAZ will give 30 days' written notice of its intent to rescind, during which time the person may protest the decision by writing to BCBSAZ at the address indicated in the notice and explaining why a rescission is not appropriate or allowable.

A member's eligibility to enroll in the group's health plan is not based on the member's health status. An omission or misrepresentation of health information in your application for group coverage is not a basis for rescission of your group coverage.

## ***Cost of Records***

In order to process your claims, BCBSAZ may need to obtain copies of your health records from your provider. Network providers generally cannot charge you for providing BCBSAZ with health records needed to process claims, grievances or appeals. Noncontracted providers have no contractual obligation to provide records to BCBSAZ free of charge. If you receive services from a noncontracted provider who charges for record preparation, costs or copies, you will need to make arrangements with your provider to obtain any records required by BCBSAZ and pay any applicable fees.

## ***Statement of ERISA Rights***

### **(Does Not Apply to Government Plans, Church Plans or Other Non-ERISA Qualified Plans)**

As a member of a group health insurance benefit plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA).

For purposes of ERISA, your employer is the "Plan Administrator." BCBSAZ is not the Plan Administrator.

ERISA provides that all members shall be entitled to:

- **Receive information about your plan and benefits**

Under ERISA, you are entitled to examine, without charge, at the Plan Administrator's office and other locations, such as worksites and union halls, all documents governing the Plan that are available from the Plan Administrator, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration. Upon written request to the Plan Administrator, you may obtain copies of the Plan documents, including insurance contracts and collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The Plan Administrator may charge you for the copies.

- **Continue group health plan coverage**

COBRA is the abbreviation for a federal law that regulates continuation of health care coverage for you, your spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. Unless you have an agreement with your employer to pay your COBRA premiums, you or your Dependents will be responsible for full payment of the premium to continue coverage under your group plan. Review your benefit book and talk to your benefits administrator about your COBRA continuation coverage rights.

- **Prudent actions by plan fiduciaries**

In addition to creating certain rights for group members, ERISA also imposes certain duties on the "plan fiduciaries," those responsible for administration of the health plan. The plan fiduciaries have a duty to operate the plan prudently and in the interest of you and other members.

- **Enforce your rights**

No one, including your employer, your union or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a benefit or exercising your rights under ERISA. If your claim for a benefit is denied in whole or in part, you have a right to know why it was denied, obtain copies of documents related to the decision (at no charge) and appeal any denial, all within the time periods required by ERISA.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

- **Assistance with your questions**

If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C., 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Pension and Welfare Benefits Administration.

### ***Third-Party Beneficiaries***

The provisions of this benefit plan are only for the benefit of those covered under this plan. Except as may be expressly set forth in this book, no third party may seek to enforce or benefit from any provisions of this benefit plan.

### ***Your Right to Information; Availability of Notice of Privacy Practices***

You have the right to inspect and copy your information and records maintained by BCBSAZ, with some limited exceptions required by law. If you choose to review your medical records in person, BCBSAZ will require a reasonable amount of time to research and retrieve the records before scheduling a time with you to review the records.

The BCBSAZ "Notice of Privacy Practices" describes how BCBSAZ may use and disclose your information to administer your health plan. It also describes some of your individual rights and BCBSAZ's responsibilities under federal privacy regulations. BCBSAZ mails a copy of this Notice of Privacy Practices to your address shortly after you enroll for coverage with BCBSAZ.

You can also view the "Notice of Privacy Practices" by visiting the BCBSAZ website, [www.azblue.com](http://www.azblue.com), and clicking on the Legal link at the bottom of the home page.

If you would like BCBSAZ to mail you another copy of the "Notice of Privacy Practices," please call the Customer Service telephone number listed on the back of your BCBSAZ identification card, or call (602) 864-4400 or (800) 232-2345 to make your request.

### ***Subrogation***

Your employer sponsors a self-funded Employee Health Care Plan ("the Plan") that provides its employees and their dependents ("Participants") with health care coverage.

BCBSAZ performs claims administration for the Plan and now also provides subrogation recovery services for the Plan as described in this section.

Here is the way subrogation works. Sometimes you and/or your dependent (“you”) require hospital and/or medical services due to an injury in an accident or due to a condition caused by another person’s negligence. In such cases, the person causing the accident (“third party”) is responsible for payment of your hospital and medical expenses. The Plan, who pays for your covered hospital and medical services, has the right to recover these payments from the third party or from you if you have recovered from the third party. When the Plan exercises its rights to be reimbursed, the process is known as subrogation, recovery and/or reimbursement (“subrogation”).

During the subrogation process, BCBSAZ, on behalf of the Plan, will continue to pay your covered hospital and medical services on behalf of the Plan just as it always has. However, if a third party is legally obligated to pay for your expenses, the Plan will then exercise its rights to be reimbursed for 100 percent of what the Plan paid without any reduction for attorneys’ fees and/or court costs and regardless of whether you were made whole. In addition, the Plan has first priority from any judgment, payment or settlement.

The Plan’s rights apply to any settlement of a claim regardless of whether anyone has started litigation. Any right a Participant might have to be “made whole,” (i.e., to be fully compensated for his/her injuries prior to any right the Plan has to recover its cost) is superseded by the Plan’s subrogation rights. The Plan may subrogate against all money that you or anyone recovers regardless of the source of the money and regardless of where the money is located and/or regardless of how it is held. The Plan will also have the first right of recovery out of any recovery or settlement amount you are able to obtain even if you or your attorney believes that you have not been made whole for your losses or damages by the amount of recovery or settlement.

You must promptly execute and deliver any documents relating to settlement of claims, settlement negotiations or litigation when the Plan asks you to so the Plan can exercise its subrogation rights. Also, you or your legal representative must (1) promptly notify the Plan in writing of any settlement negotiations before you enter into any settlement agreement, (2) disclose to the Plan any amount recovered from any person or entity that may be liable and (3) not make any distributions of settlement or judgment proceeds without the Plan’s prior written consent. No waiver, release of liability or other documents executed by you without such written notice to the Plan shall be binding upon the Plan.

## MEMBER COST-SHARING

Members pay part of the costs for benefits received under this plan. Each cost-share type is explained below. This section, the benefit descriptions in this book and your SBC will explain which cost-share types apply to each benefit.

BCBSAZ uses your claims to track whether you have met some cost-share obligations. We apply claims based on the order in which we process the claims and not based on date of service.

### ***Benefit Maximums***

Some benefits may have a specific benefit maximum or limit based on the number of days or visits, type, timeframe (plan year or benefit plan), age, gender or other factors. If you reach a benefit maximum, any further services are not covered under that benefit and you may have to pay the provider's billed charges for those services. However, if you reach the benefit maximum on a particular line of a claim, you will be responsible for paying only up to the allowed amount for the remaining charges on that line of the claim. All benefit maximums are included in the applicable benefit description.

### ***Coinsurance***

Coinsurance is a percentage of the allowed amount that you pay for certain covered services after meeting any applicable deductible.

BCBSAZ normally calculates coinsurance based on the allowed amount. There is one exception. If a hospital provider's billed charges are less than the hospital's DRG reimbursement, BCBSAZ will calculate your coinsurance based on the lesser billed charge.

### ***Copay***

A copay is a specific dollar amount you must pay to the provider for some covered services. If a copay applies to a covered service, you must pay it when you receive services. Different services may have different copay amounts and are shown on your SBC.

### ***Out-of-Pocket Maximum (Individual & Family)***

An out-of-pocket maximum is the amount each member must pay each year before the plan begins paying 100 percent of the allowed amount on covered services, for the remainder of the plan year. The payments listed below do not count toward the out-of-pocket maximum. You must keep paying them even after you reach your out-of-pocket maximum:

- Amounts above a benefit maximum
- Any amounts for balance billing
- Any amounts for noncovered services

If you have family coverage, there is an out-of-pocket maximum for your family. Amounts applied to each member's out-of-pocket maximum also apply to the family out-of-pocket maximum. The family maximum is applied in the same way as the individual maximum described above and is subject to the same rules. When the family has met its family out-of-pocket maximum, it also satisfies the out-of-pocket maximum requirements for all the individual members.

## DESCRIPTION OF BENEFITS

Precertification will be issued in accordance with the requirements of applicable law, regardless of whether the clinical trial would otherwise be considered investigational. See specific benefit provisions for precertification charges.

Precertification of covered services directly associated with an eligible clinical trial is not a guarantee of coverage, assurance that the clinical trial satisfies the requirements of applicable law or evidence of any determination that the service provided through the clinical trial is safe, effective or appropriate for any member.

**Cost-Share:** You pay applicable copays.

**Benefit-Specific Definition:** A "life-threatening disease or condition" is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

**Benefit Description:** Benefits are available for covered services directly associated with a member's participation in a clinical trial meeting all requirements specified by applicable Arizona and/or federal law. Benefits are limited to those services eligible for coverage under this plan that would be required if you received standard, non-investigational treatment. If you have any questions about whether a

particular service will be covered, please contact BCBSAZ Customer Service. You or your provider must inform BCBSAZ that you are enrolled in a clinical trial, that the trial meets the requirements of applicable law, and that the services to be rendered are directly associated with the trial. An injury to a tooth while chewing is not considered an accidental dental injury, even if the injury is due to chewing on a foreign object.

A “sound tooth” is a tooth that is:

### **Statement of Rights Under the Newborns' and Mothers' Health Protection Act**

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.

Copays are based on the Level to which BCBSAZ has assigned the medication at the time the prescription is filled. BCBSAZ may change the Level of a medication at any time without notice. To confirm the status and Level of a particular Specialty Medication, you may also call BCBSAZ Pharmacy Benefits Customer Service at the number listed in the front of this book.

No exceptions will be made concerning the assigned Level of a medication or the copay that will apply, regardless of the medical reasons requiring use of the medication. This means if you are taking a Level B, C or D medication, you pay the applicable copay for that Level even if there is no equivalent medication on a lower Level or you are unable to take a medication on the lower Level for any reason.

The assignment of a medication to any particular Level is not a recommendation on the use of a medication.

If both a donor and a transplant recipient are covered by a BCBSAZ plan or a plan administered by BCBSAZ, the transplant recipient pays the cost-share related to the transplant.

BCBSAZ is contracted with certain facilities to provide covered transplants to BCBSAZ members. Not all such facilities are contracted to provide services related to a covered transplant, such as pre-transplant testing, certain types of chemotherapy and radiation therapy and other services covered under this plan. If you receive pre-transplant testing or other services associated with the transplant from a facility that is not contracted with BCBSAZ or a Host Blue to provide those services, those services will not be covered.

## JJ. TRAVEL REIMBURSEMENT (OUT-OF-STATE)

**Precertification:** You must first obtain precertification for covered services to be provided outside of Arizona in order to receive reimbursement for eligible travel expenses under this benefit.

**Cost-Share:** Not applicable.

**Benefit-Specific Maximum:** \$2,000 in eligible travel expenses for each round trip to receive covered services outside Arizona.

**Benefit Description:** Reimbursement for the following eligible travel expenses is available when a member who lives in Arizona receives precertification to receive medically necessary covered services outside of Arizona because the services are not available in Arizona from either a network or out-of-network provider. (Services meeting this criteria must be provided in the United States to be covered.)

***Eligible travel expenses include:***

- Mileage for travel in a personal vehicle (at the rate set by the Internal Revenue Service in effect at the time of travel) from the member's home in Arizona to the treating provider outside of Arizona; **or**
- The cost of a round-trip commercial airline coach class ticket when a member's one-way travel exceeds 200 miles from the member's home in Arizona to the treating provider outside of Arizona and the member travels by air.

BCBSAZ uses a standard internet mapping tool to calculate mileage from the member's home address to the treating provider.

BCBSAZ will reimburse the member up to \$2,000 in eligible travel expenses for each round trip to receive covered services outside of Arizona. Reimbursement shall not exceed actual expenses. BCBSAZ will determine whether an expense is an eligible travel expense.

The following are examples of items ineligible for reimbursement:

- Lodging and meals
- Travel related expenses such as gasoline (other than the mileage allowance noted above), vehicle maintenance and services (such as tires, brakes, oil changes)

Travel expenses for members receiving a covered solid organ, bone marrow or stem cell transplant outside of Arizona are covered under the "Transplant Travel and Lodging" benefit and are not eligible for reimbursement under this "Travel Reimbursement" provision.

To request reimbursement for eligible travel expenses, you must submit a Travel Expense Reimbursement form to BCBSAZ at the address listed in the Customer Service section of this book. Contact Customer Service to obtain a copy of the form.

For more information on the BlueCard program, contact the Blue Cross Blue Shield Association at the phone number or Web site address listed in the Customer Service section at the front of this booklet.

**Benefit-Specific Definition:** "Urgent care" means treatment for conditions that require prompt medical attention, but which are not emergencies.

## PLAN ADMINISTRATION

### ***Changes to Your Information***

If you do not tell us about changes, correspondence from BCBSAZ may not reach you in a timely manner. Also, you may have to reimburse BCBSAZ for claims payments we make on behalf of you or your Dependents, if you or your Dependents became ineligible but incurred claims before you gave us notice. You may also have to pay costs incurred by BCBSAZ for collection of claims payments made after you or your Dependents became ineligible.

Notify BCBSAZ Membership Services about changes to the following:

- Individuals being added to the benefit plan: Spouse, newborns, adopted children, children placed for adoption, stepchildren
- Eligibility of you or your Dependents for Medicare during the term of this contract
- Your mailing address or phone number
- Other medical coverage that you or your Dependents add or lose, including any changes in benefits
- Eligibility of you or your Dependents for Arizona Health Care Cost Containment System (AHCCCS) or other Medicaid coverage during the term of this contract
- Eligibility of you or your Dependents for the Children's Health Insurance Program (CHIP) coverage during the term of this contract
- Eligibility of you or your Dependents for basic health plan (BHP) coverage during the term of this contract
- Eligibility of you or your Dependents for individual coverage purchased through a state or Federal Exchange.
- Individuals removed from the benefit plan due to divorce or death
- A disabled Dependent age 26 or older who is no longer disabled

### ***Coordination of Benefits (COB)***

If you are eligible for benefits under any other group health insurance, the combined benefit payments from all coverages will not exceed 100 percent of the billed charges. In addition, BCBSAZ's payment will not exceed the amount that BCBSAZ would have paid if you had no other coverage.

If your other group health insurance does not include a coordination of benefits provision, the other group coverage pays first. If your other group health insurance provides for coordination of benefits, the following rules will be used to determine which coverage will pay first:

- If the person is an inpatient on the day this benefit plan becomes effective and benefits are payable under the person's prior health care coverage for the inpatient stay, the prior health care coverage pays first.
- If the person who received care is covered as an active employee under one benefit plan and as a Dependent under another, the employee coverage pays first.
- If the person who receives care is covered as an active employee under one benefit plan and as an inactive employee under another, the coverage through active employment pays first.
- If the person who receives care is a Dependent child, then the plan benefits of the parent whose birthday occurred earlier in a calendar year shall cover the child first.
- If both parents have the same birthday, the benefits of the plan that covered a parent longer shall cover a Dependent child first.
- If one of the plans determines the order of benefits based upon the gender of a parent and as a result, the plans do not agree on the order of benefit determination, the plan with the gender rule shall determine the order of benefits.
- If the Dependent child's parents are legally separated or divorced, the following applies:
  - ◆ If a court decree specifies the parent who is financially responsible for the child's healthcare expenses, the specified parent's coverage pays first.
  - ◆ If there is no applicable court decree, the custodial parent's coverage pays first. If the custodial parent has remarried, the stepparent's coverage pays second. The non-custodial parent's coverage pays last.

- ◆ If the parents have joint custody, the plan benefits of the parent whose birthday occurred earlier in a calendar year pays first.

When none of the above applies, the coverage you have had for the longest continuous period of time pays first (see “*Non-Duplication of Benefits*”).

**BCBSAZ does not coordinate benefits for services covered by the pharmacy benefit. For this benefit, BCBSAZ will pay primary, without regard to the member’s other coverage.**

### ***Non-Duplication of Benefits***

If services are covered under this benefit plan and one or more other group benefit plans that are issued or administered by BCBSAZ, the rules described above in “*Coordination of Benefits*” will be used to determine which coverage pays first. Payment of the claim will be subject to all applicable deductibles, coinsurance and copays. The combined benefit payments will not exceed the amount that BCBSAZ would have paid if you had no other coverage.

If services are covered under this benefit plan and one or more BCBSAZ individual contracts, benefits will be paid first under the individual contract. Payment of the claim will be subject to all applicable deductibles, coinsurance and copays. The combined benefit payments will not exceed 100 percent of the amount BCBSAZ would have paid if you had no other coverage. BCBSAZ does not coordinate benefits with non-group coverage provided by an insurance plan other than BCBSAZ.

**BCBSAZ does not coordinate benefits for services covered by the pharmacy benefit. For this benefit, BCBSAZ will pay primary, without regard to the member’s other coverage.**

- **Disabled Dependent Child** – A child who has reached age 26 may continue coverage as a Dependent under this plan if the child is otherwise eligible for the plan and meets all of the following criteria:

  - ◆ Is continuously incapable of self-sustaining employment because of mental or physical disability on the date the Dependent reaches age 26; **and**
  - ◆ Is dependent on the Contractholder for maintenance and support, as determined by BCBSAZ criteria.

Medical reports, acceptable to BCBSAZ, must substantiate the incapacity and must be submitted by the Contractholder within thirty-one (31) days of the date such child reaches age 26. The child's eligibility to continue this coverage as a Dependent under this plan is subject to periodic review by BCBSAZ.

BCBSAZ will determine whether your child meets disability criteria in its sole and absolute discretion and will provide a copy of the criteria used to make this decision upon request. A Contractholder has an affirmative obligation to inform BCBSAZ if the child's disability ceases. Cessation of the child's disability or dependency will terminate the child's coverage as a Dependent under this plan.

The effective date of coverage for an application made during an open enrollment period is the Group's anniversary date following that open enrollment period.
- **Spouse** – The effective date for a new spouse is the date of marriage, if the Contractholder completes an application within thirty-one (31) days of that date; otherwise, the spouse may not enroll until the next open enrollment period, unless he or she qualifies under "*Special Enrollment Periods*."
- **Domestic Partner** – The effective date for a domestic partner will be the date the employee and partner have satisfied the eligibility criteria, if it is not satisfied at the time the employee is eligible to enroll. The domestic partner must enroll within thirty-one (31) days of the date eligibility criteria is met or the partner may not enroll until the next open enrollment period, unless he/she qualifies under "*Special Enrollment Periods*."
- **Newborn/Adopted Child/Child Placed for Adoption** – A child is automatically eligible for coverage for the first thirty-one (31) days after the date of birth, adoption or placement for adoption, so long as the parent or guardian covered under this benefit plan remains eligible for coverage during that period and the newborn or child adopted or placed for adoption is otherwise an eligible Dependent under this benefit plan. BCBSAZ will continue coverage for the child after the thirty-one (31) day period and the Contractholder will be responsible for any additional premium, unless the Contractholder notifies BCBSAZ in writing to remove the newborn or adopted child from this benefit plan. Even if no additional premium is required (e.g., you already have family coverage), the Contractholder must notify BCBSAZ in writing to remove the child from the benefit plan. Contact Membership Services at the number listed in the front of this benefit book to receive a BCBSAZ adoption packet.
- **Other Children** – The effective date for a Dependent child who is not a newborn child, adopted child or a child placed for adoption (as described above) shall be the date the child becomes an eligible Dependent, as long as the Contractholder completes an application to add the child within thirty-one (31) days of that date. If an application is not completed within thirty-one (31) days, the child may not enroll until the next open enrollment period, unless the child qualifies under "*Special Enrollment Periods*."
- **Retiree** – Please see your benefit plan administrator to determine effective dates of coverage for a retiree and his/her eligible dependents.

## **Loss of Eligibility**

### **Contractholder eligibility ends on the following days:**

- The end of the month in which the Contractholder was entitled to receive compensation from the Group, regardless of the date such compensation is actually paid and for which BCBSAZ has received payment from the Group.
- The end of the month in which an approved leave of absence expires, if the Contractholder fails to return to active employment.
- The date on which the Contractholder's death occurs.
- The end of the month in which the Group and/or Contractholder fails to pay amounts due and any grace period available under Arizona law is exhausted.

**Dependent eligibility ends on the following days:**

- For a Dependent spouse and any children of that spouse who are not the birth or adopted children of the Contractholder, the end of the month in which the final divorce decree is effective.
- The end of the month in which a child turns age 26, if the child is not a disabled child.
- The end of the month in which a disability or dependency ceases for a disabled child over age 26.
- The end of the month in which a child covered by a medical support order is no longer eligible under the court order or administrative order.
- The end of the month in which the Contractholder's death occurs.
- The date on which the Dependent's death occurs.

Some Groups have up to thirty-one (31) days to notify BCBSAZ that a Contractholder or Dependent has become ineligible. Until BCBSAZ receives notice and processes the termination of eligibility, BCBSAZ may quote benefits, give precertification or pay claims that ultimately will be recouped from members or providers, if it is later determined the member was ineligible on the date services were received. Such benefit quotations or precertifications become null and void, regardless of whether the Group has notified the Contractholder that eligibility terminated.

**Domestic partner eligibility ends:**

In addition to the reasons stated above concerning dependent spouses and children, a domestic partner and/or the children of the domestic partner also lose eligibility for coverage as follows:

- The end of the month in which the domestic partner who is the eligible employee loses coverage under this benefit plan.
- The end of the month in which the domestic partnership is terminated or dissolved.
- The end of the month in which the group discontinues eligibility for domestic partners and/or eligible children of the domestic partner.
- The end of the month in which the child of a domestic partner turns age 26, if the child is not a disabled dependent child.

The date coverage terminates for a domestic partner and/or the children of the domestic partner is as described in the benefit book for employees and dependents.

A domestic partner and/or their children who become ineligible for this coverage may be eligible for continuation coverage. Please contact the group's Benefit Administrator for information concerning eligibility for group continuation coverage. For information on other individual (non-group) coverage, such as conversion coverage, please contact BCBSAZ.

**Retiree eligibility:**

Please see your benefit plan administrator for information regarding loss of retiree's eligibility and termination dates of coverage and the dates for a retiree's dependents.

### ***Termination of Coverage***

#### *Reasons for Termination*

The Contractholder and/or any Dependents' coverage under this benefit plan may terminate for the following reasons, including but not limited to:

- The Contractholder and/or any Dependent(s) die
- The Contractholder and/or Dependent(s) request termination of coverage
- Nonpayment of amounts due by the Group and/or Contractholder, after expiration of any applicable grace period available under Arizona law
- Coverage for the Contractholder and/or Dependents is rescinded

#### *Termination Date of Coverage*

BCBSAZ will notify the Group and/or the Contractholder of any termination dates of coverage for the Contractholder and/or any Dependents. The Contractholder and/or Dependents' coverage ends no later than the date the Group Master Contract terminates. If the Contractholder's coverage terminates, coverage for all Dependents also terminates on same day.

#### *Benefits After Termination*

Except as described below, you have no coverage on and after the date coverage ends, regardless of the reason for termination. This applies even if the expense was incurred because of an accident, injury or illness that occurred or existed while this coverage was in effect (except as described below under Disability Extension of Benefits).

#### *Continuation of Coverage*

Under federal law it is the Group's responsibility, as plan administrator, to inform employees and Dependents of the availability, terms and conditions of continuation of coverage available under COBRA.

COBRA requires most employers who have twenty or more employees and sponsor a group health plan to offer employees and their covered Dependents the opportunity for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where coverage under the plan would

otherwise end. You must check with your benefit plan administrator to determine if you qualify for continuation coverage.

Continuation of coverage is available when an employee is absent from employment by reason of service in the uniformed services, as defined by applicable federal law. You must check with your benefit plan administrator to determine if you qualify for continuation coverage.

### Disability Extension of Benefits

BCBSAZ determines total disability in its sole and absolute discretion and will provide a copy of the criteria used to make this decision upon request. Eligibility to continue coverage for a disabling condition is subject to periodic review by BCBSAZ.

- **Group Discontinuation:** If you are totally disabled on the date that the Group discontinues coverage through BCBSAZ, medical expense benefits will continue, **for the disabling condition only, for a period not to exceed twelve (12) months from the date of termination.** To ensure an orderly extension of benefits and timely processing of your claims, it is important to provide BCBSAZ with written notice of the disabling condition no later than thirty-one (31) days after such termination. You do not waive your right to extended benefits if you do not notify BCBSAZ; however, BCBSAZ cannot pay claims until notice is received.

When you provide notice, you will be required to also provide reports satisfactory to BCBSAZ that show the date of your termination, the condition that resulted in you becoming totally disabled and that you have been totally disabled from that condition from the time of such termination. You are eligible for this extension of benefits whether covered as an active employee, the Dependent of an active employee or a qualified COBRA beneficiary on the date the Group discontinues coverage through BCBSAZ.

- **Individual Termination:** If you are totally disabled on the date your coverage terminates under this benefit plan, medical expense benefits will continue, **for the disabling condition only, for a period not to exceed twelve (12) months from the date of termination.** You do not waive your right to extended benefits if you do not notify BCBSAZ; however, BCBSAZ cannot pay claims until notice is received.

When you provide notice, you will also be required to provide reports satisfactory to BCBSAZ that show the date of your termination, the condition that resulted in you becoming totally disabled and that you have been totally disabled from that condition from the time of such termination.

If you are eligible for an extension of benefits because of an individual termination as described above and you elect continuation coverage under COBRA, the extension of benefits shall run concurrently with your continuation coverage under COBRA, until the 12-month extension of benefits period is exhausted. Because these provisions run concurrently, please contact your employer before making any changes to or terminating your COBRA continuation coverage.

An extension of benefits ends when you are no longer totally disabled, or become eligible for, or covered under, any other group benefit plan with like benefits.

### **Conversion Coverage**

If your coverage under this benefit plan ends for any reason other than the Group changing carriers or administrators and you maintain your permanent residence in Arizona, you may apply for an individual conversion contract offered by BCBSAZ.

BCBSAZ must receive your written application for a conversion contract within thirty-one (31) days of your termination from this benefit plan. You may also apply for conversion coverage when your continuation coverage under COBRA expires, provided the Group Master Contract is still in force.

### **Leave of Absence**

If a Contractholder takes a leave of absence, the Group may continue coverage for the Contractholder and/or any Dependents for up to ninety (90) days, subject to payment of applicable amounts due.

BCBSAZ will also continue coverage for members during any leave of absence the Group is required to provide by applicable federal or state law, including the Family and Medical Leave Act of 1993 and any amendments or successor provisions. If the Contractholder returns to active employment by the end of the

leave of absence period, coverage under this benefit plan will continue for the Contractholder and covered Dependents, so long as the Group maintains coverage with BCBSAZ. If not, the Contractholder will cease to be eligible and coverage for the Contractholder and Dependent(s) will terminate as described in "Termination of Coverage."

### **Medical Support Orders**

Coverage is available to a child of the Contractholder in accordance with any court order or administrative order issued by a court of competent jurisdiction, that requires the Contractholder to provide health benefits coverage for such child.

The order must clearly specify the name of the Contractholder, the name and birth date of each child covered by the order and the time period to which the order applies.

Following receipt of the above information from the Group, BCBSAZ will add the child to the Contractholder's coverage, subject to BCBSAZ's guidelines for adding Dependent children, as outlined above. If the Contractholder does not have family coverage, the Contractholder is required to enroll for family coverage and pay any additional required amounts due.

### **Benefit-Specific Eligibility**

Under the following limited circumstances, a nonmember may be eligible to receive benefits under this plan:

- If a transplant recipient is covered under this plan and the donor is not a member, the donor may be eligible for limited benefits (see benefit descriptions for Transplants – Organ – Tissue – Bone Marrow Transplants and Stem Cell Procedures).
- If a non-member is pregnant with a baby that is to be adopted by a BCBSAZ member of this plan, the non-member may be eligible for maternity benefits under the following circumstances:
  - ◆ The child is adopted by a BCBSAZ member within one year of birth;
  - ◆ The member is legally obligated to pay the costs of birth; **and**
  - ◆ The member notified BCBSAZ that a court has certified the member as acceptable to adopt within 60 days of the court order or the effective date of this plan, whichever occurs later.

This benefit is considered secondary to any other coverage available to the birth mother.
